Sean

Following our telephone discussion the other day you were going to send me some thoughts without prejudice on either side on how the Council might conceivably adopt a revised AA. I may need to run this past our legal advisor but so far I have not received anything and time is getting tight.

The representations from Dr. Nigel Deacon and Professor Callum Thomas will be reported on the pink late representations sheet that will be produced by Friday. I assume we now have the full extent of your written material and there is nothing else coming from you.

Look forward to hearing from you regarding the AA.
Regards
Chris
